

The Bertha *Lilly* Timepiece

(BR4501 – BR4509)

Setting Instructions

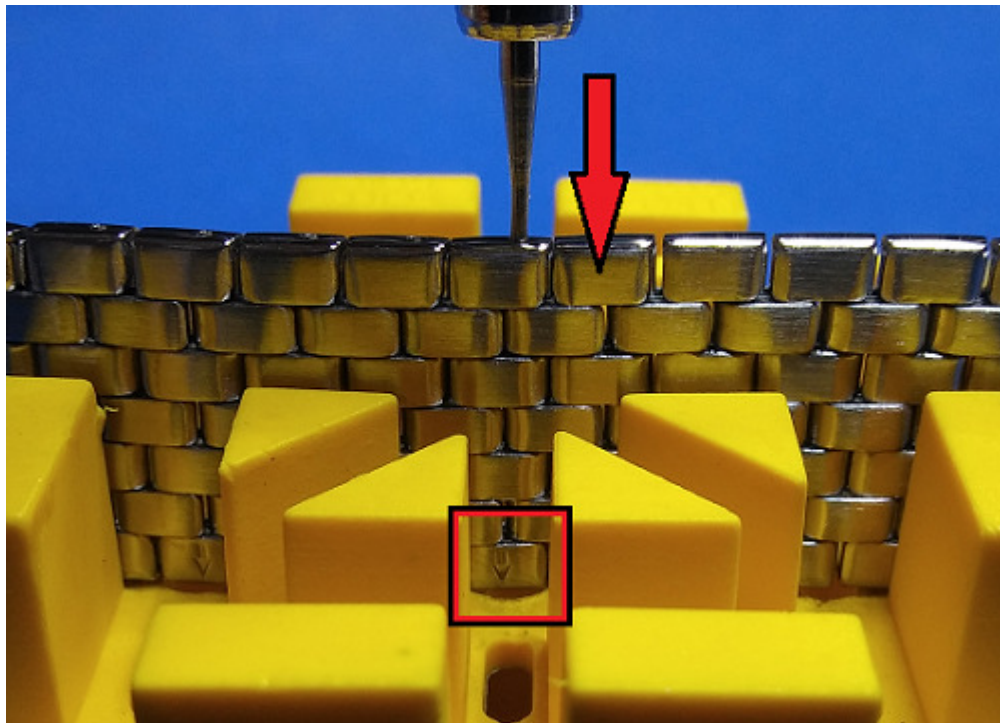

- 1) Pull the crown out one click to its outward position.
- 2) Rotate the crown clockwise to set the current time.
- 3) Push the crown in to its rest position to commence timekeeping.

Water Resistance Guidelines

3 ATM – light contact only. Suitable for hand/dishwashing, not suitable for bathing or swimming. **Note:** Manipulation of the crown while the watch is in contact with water will negate the rated water resistance as water penetration may occur.

Resizing Instructions *(BR4501 – BR4503 models)*

Note: any cosmetic imperfections or physical damage caused by resizing the bracelet is not warranted by Bertha. As such, professional adjustment of the bracelet is recommended.

- 1) Support the bracelet in a bracelet holder.
- 2) Use a pin punch to drive the link pin out in the direction of the arrow on the underside of the link.
- 3) Remove the pin from the next link to remove one full link.
- 4) Installation is the reverse of removal.
