

The Reign *Kennedy* Timepiece

(RN2001-RN2007)

Note: this model watch features a screw-down crown that must be unscrewed before it can be manipulated. When use of the crown is no longer required it must be secured back to the case before wearing to ensure the rated water resistance is achieved.

Setting Instructions:

- 1) Rotate the crown counterclockwise until it is free from the case threads.
- 2) Pull the crown out one click.
- 3) Rotate the crown clockwise until the current time is displayed.
- 4) Push the crown in one click.
- 5) Rotate the crown clockwise 10 – 20 times to manually wind the mainspring.
- 6) Secure the crown back to the case:
 - Press in on the crown to overcome the spring resistance.
 - Gently rotate the crown clockwise to start the threads.
 - Screw the crown down until it is secured to the case. *finger-tighten only*

| Water Resistance Guidelines | | |
|-----------------------------|-------------|---------------------------------------|
| Rating | Submersible | Capacity of Resistance |
| No Marking | No | Splash/light contact only. |
| 5ATM | No | Hand/dish washing. |
